

Dear Parents/Guardians,

For students in Year 7 to Year 10, the mathematics textbook orders for 2020 are book-listed on the school website.

However, for any families wishing to purchase 2nd hand copies, please ensure that you have the 2nd edition text title for your year and you will also need to purchase a *CambridgeGO* reactivation code to accompany the text so that students have access to the associated online resources.

Below is a listing of the text titles and a weblink to purchase a reactivation code. Students should bring this code to their first maths lesson next year and class teachers will assist in linking it to their online account (it is not recommended to activate prior to this).

Should you have any further queries about this, please don't hesitate to get in contact.

Kind regards,

Steven Warren (**Head of Mathematics**)

Year 7: Cambridge MATHS NSW (2nd ed.) Year 7 Stage 4
